The Build Up

What you need:

- For 4 vs. 4 you need a field with the dimension of 132 x 66 feet (44 x 22 yards) with two small goals each being 1 to 2 meter wide – depending on the quality of play. With 3 vs. 3 your field dimension should be 99 x 66 feet (33 x 22 yards). If you do not have small goals, cones can be used to mark your goals.
- To ensure the needed intensity and to prevent long interruptions you should have extra balls ready on the sideline.
- Soccer Challenge can be played on 1 to 4 fields – depending on how many players you have. It is possible to involve 6, 8, 12, 14, 16, 18, 22 or 24 players without an extended break.

The Procedure

How the game is played:

- (1) Depending on how many players you have will determine if you play 3 vs. 3 or 4 vs. 4. Note your player's name with a number. The table can be an aid in keeping all the results.
- (2) In pro Soccer Challenge 6 to 8 games are played. With every new game there is a new order of players that play in a team (see game plan).
- (3) The game begins with a whistle and has a duration of 4 to 6 minutes keeping the specific rules (see rules).
- (4) Following each game enter the results in the table.
- (5) Following the tournament you must calculate the points for each player.

Win	10 Points
Tie	5 Points
Loss	2 Points

- (6) Following the calculation of the total points and the average for each player, the complete results are entered in the Season Standings chart.

Rules & Points

Rules:

- Game duration is 4 up to maximum 6 minutes.
- No goalies.
- No offsides.
- Unlimited touches.
- Goal counts only when shot directly from a pass – this can be altered if the level of play is not high.
- The ball must not be played above the head. If so, then this will result in a direct kick.
- There are no throw-ins; the ball is brought in play with the foot.
- Include the corner kick.

Points:

- Every player that **wins** receives **10 points**.
- Every player that **ties** receives **5 points**.
- Every player that **loses** receives **2 points**.
